

Tempe Fire Department Policies and Procedures
Staffing of Special Events
104.18
Rev 5-16-02

PURPOSE

To establish a policy to provide staffing levels at special events.

GUIDELINES

1. A member may not work longer than 56 consecutive hours after which a break of at least 10 hours must be taken before working again. This includes time trades. Individuals are responsible for insuring their own ability to safely work a special event, taking into consideration prior day's activities and amount of rest.
2. Availability list for staffing of special events, will be separate from constant staffing lists.
3. Only personnel who are currently EMT/paramedic certified, haz mat first responder/hazardous materials technician certified, and have a minimum of six months service time from date of graduation from the training academy will be utilized for staffing of special events.
4. Failure to manage all duties assigned while working at a special event will result in revocation of staffing for special events privilege.
5. No time trades may be taken while staffing a special event.
6. Losing the privilege of staffing a special event may be included in disciplinary action. Employees serving a suspension or on vacation leave to satisfy a suspension will not be allowed to staff a special event.

PROCEDURE

1. All eligible members will be on the special events staffing list unless they request their name be removed through the District Managers office.
2. Procedures for staffing special Events:
 - The Personnel Chief will advise all members by e-mail of opportunities to staff Special Events.
 - Members will be ranked according to the total hours of Special Events worked. This will be an accumulating list and will be purged annually.
 - Members will retain their position on the Special Events list until they have amassed a greater number of hours than the person below them. At that time, they will move to the appropriate spot on the list according to their number of hours.
 - New members will be assigned the average number of hours for their shift and be ranked accordingly.
 - The FIT's will be responsible for the management of the Special Events list.
3. Members that are between shifts and on their last day of four will be notified first for all special events. (i.e. If your shift tour is Wednesday, Friday and Sunday, you will be eligible for staffing special events on Thursday, Saturday, and the last day of your four which is Thursday).
4. When promoted or reassigned, the individual is moved to the proper rank and shift section, and in order of accumulated hours.
5. Persons accepting an assignment to staff a special event may not subsequently decline the assignment in order to receive a constant staffing position for that same day. Additionally, a person cannot be put to the back of one list because they've already accepted an assignment off the other list.

6. If personnel have been on unscheduled leave (sick or FSKF) on the shift prior to the special event, they are not eligible to work the event.
